Re: WCLH(FM), Wilkes-Barre, Pennsylvania  
Facility Identification Number: 72459  
Wilkes University  
Special Temporary Authorization

Dear Mr. Reite:

This is in reference to the request filed June 19, 2008, on behalf of Wilkes University ("WU"). WU requests extension of the special temporary authority ("STA") granted on December 28, 2007, to operate Station WCLH with temporary facilities.<sup>1</sup> In support of the request, WU states that the station's licensed tower collapsed in an ice storm on December 16, 2007, and that its application for construction permit to relocate the station to the STA site remains pending.

Our review indicates that Construction Permit BPED-20080409ACG was granted on June 26, 2008; however, WU has filed Application BMPED-20090512ACN, for modification of the permit, which remains pending. Thus, extension of STA is warranted in order to allow time for processing and implementation of the requested modification.

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station WCLH may continue to operate with the following facilities:

Channel:	214 (90.7 MHz)
Geographic coordinates:	41° 11' 11" N, 75° 51' 33" W (NAD 1927)
Effective radiated power:	not to exceed 0.175 kW (H&V)
Antenna type:	Nondirectional
Antenna elevation	
above ground level:	46 meters
above mean sea level:	656 meters
above average terrain:	266 meters

WU must notify the Commission when licensed operation is restored. WU must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

---

<sup>1</sup> WCLH is licensed for operation on Channel 214A (90.7 MHz) with effective radiated power of 0.175 kilowatt (H&V) and antenna height above average terrain of 311 meters.

This authority expires on **November 22, 2009**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Charles N. Miller", with a long horizontal flourish extending to the right.

Charles N. Miller, Engineer  
Audio Division
